

High Intensity LED Flashlight *Energizer*®

EMHIL21E

BRIGHT

- High intensity LED delivers up to 150 lumens

DURABLE

- High strength machined aluminum body
- Survives 2-meter drop test

WEATHERPROOF

- Meets IEC 60529 IPX4 standards
- Continues to operate after exposure to splashing water from all directions

HANDY

- Slip-resistant knurled grip
- Easy to operate push button tail cap switch
- Nylon lanyard

The *Energizer*® High Intensity LED Flashlight packs a lot of light into a small, sturdy package. The high intensity white LED provides up to 150 lumens and the light features a robust machined aluminum body that survives a 2-meter drop. Its weatherproof construction makes it suitable for outdoor use. The easy push button tail cap switch allows for one-handed operation.

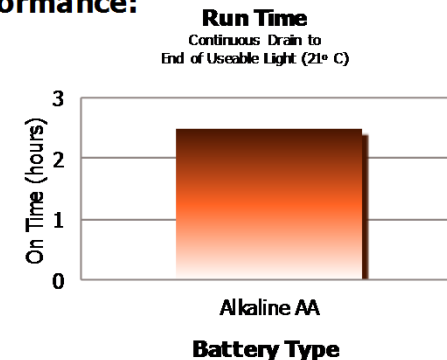

Before Using Your Flashlight:
Please read all instructions and cautionary markings on the package and light

Product Detail:

Designation:	Energizer High Intensity LED Flashlight
Model:	EMHIL21E
Color:	Brushed Silver
Power Source:	Two "AA"
ANSI/NEDA:	Series 15
Lamp:	One High Intensity White LED
Lamp Life (hr):	Lifetime
Lamp Output (lumens):	150
Beam Distance (m):	90
Peak Beam Intensity (cd):	2,025
Run Time (h:mm):	2:30
Typical Weight:	97 grams without batteries
Dimensions (mm):	10 x 145

Performance:

Tested according to ANSI/NEMA FL 1 Standards.
