

FAQs about Fenix E35R Flashlight

Q1. What is the product positioning of E35R? And who are the target customers?

A: The Fenix E35R is a high-performance EDC flashlight with outstanding performance for a flashlight this small. Powered by an included 21700 (5000mAh) rechargeable Li-ion battery, the E35R emits a maximum of 3000 lumens at a distance of 260 meters. The single side switch controls six lighting modes including a strobe mode for emergencies. Recharge the E35R flashlight via its USB Type-C port when the battery level indicator indicates the battery is low. The E35R is built tough with durable high-strength, oxidation-resistant aluminum and is waterproof and impact-resistant with full-metal CNC machining. A magnetic tail and a one-way body clip round out the features of this awesome little EDC flashlight an everyday carry powerhouse. It is suitable for daily emergency, urban commuting, outdoor hiking and other scenarios.

Q2. What are the key features and benefits of E35R?

A:

- 3100 lumens maximum output and 260 meters maximum beam distance.
- Instant strobe and output selection with the mechanical side switch.
- Type-C charging interface, fast charging, strong versatility.
- Magnetic tail for hands-free use, Included body clip for easy carry.
- Boot-up battery level indication and low-voltage warning.
- Using high-efficiency optical lens, the light effect is soft and the vision is comfortable.
- Reverse polarity protection, to protect from improper battery insertion.
- Made of A6061-T6 aluminum.
- Premium type HAIII hard-anodized anti-abrasive finish.

Q3. What kind of LED is used in E35R?

A: Utilizes Luminus SST70 cool white LED, with a life span of 50,000 hours

Q4. Does E35R have Intelligent Downshift?

A: When the voltage level drops below the preset level, the flashlight is programmed to downshift to a lower brightness level until Low output is reached. When this happens in Low output mode, the battery level indicator blinks red to remind you to timely recharge or replace the battery.

Note: This only works with Fenix ARB-L21 Series 21700 rechargeable Li-ion battery.

Q5. What battery does the E35R support?

A: It supports a single ARB-L21-5000 rechargeable Li-ion battery (included).
