

FOLOMOV

2300
流明

HERO

产品特性

- 1、长度107毫米，净重55g。体积小、重量轻，适合日常携带、户外活动及军警执勤。
- 2、采用高强度航空铝材制造，三级硬质阳极氧化表面处理。
- 3、使用CREE XHP50.2 LED，寿命长达5万小时。
- 4、最大输出为2300流明，最远射程长达200米。
- 5、尾部多功能战术开关，一触即亮，松手即灭。
- 6、锂电池带有USB Type-C 充电接口，最大电流1.5A，简单快速。
- 7、具有爆闪、SOS和信号灯三种特殊模式，用于应对突发、紧急状况。
- 8、防反接设计，防止电池反装时损害电路。
- 9、设置过热保护，减小对内部电路影响，延长元件使用寿命。
- 10、IPX8防水等级，能应对各种户外天气状况。
- 11、附赠一颗3.6V 3500毫安时 USB Type-C 可充电锂离子电池、充电线、手绳。

高亮	中亮	低亮	微亮	微微亮
2300 流明	700 流明	300 流明	125 流明	17 流明
2小时	5小时	11小时	27小时	150小时

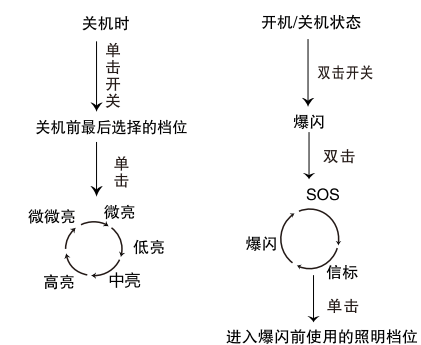

爆闪	SOS	最大射程	最大射程	防水等级	防跌落高度
2300 流明	2300 流明	200米	10000坎德拉	IPX8	2米

重量：55克（不含电池）

尺寸：107*24.5 毫米

注：以上数据按照国际手电测量标准ANSI/NEMA FL1所述之测量方法，使用1节3.6V 3500毫安时电池在实验室测试所得。不同电池或使用环境可能对以上数据造成影响。手电有温控程序，会自动调节电流，保护LED和电池。

使用说明

关机时 长按开关 → 高亮（暂时点亮，松手即灭）

开机时 长按开关0.5秒 → 关机

锁定功能

关机时三击进入锁定状态，指示灯闪三次，此时按键进入锁定状态。

解锁功能

锁定状态时三击解锁，指示灯闪一次，此时恢复按键功能。

低电警示功能

如果在电量低于10%时继续使用手电，高亮、中亮和低亮档位将逐步暂时性消失，只能选择微亮和微微亮档位。请尽快给电池充电或者更换电池。

温馨提示

- 1、旋开尾部装入符合要求的电池，注意将电池正极朝向手电头部
- 2、若电筒长时间未使用，请将电池取出，防止漏液
- 3、不能将光线直射眼睛，避免对眼睛造成伤害

保修服务

15天包换：自售出之日起15天内，在正常使用情况下，若出现产品质量问题，客户可选择更换新品或维修服务。
1年免费保修：自售出之日起1年内，用户在正常使用情况下，产品若出现质量问题，则享受免费维修服务。
终身有限保修：超过1年免费保修期后，我们将提供有限保修，费用以实际更换材料费用为准，不另收取人工费用。

保修凭证：消费者需要售后服务时，可凭购物发票或收据与经销商联系。由经销商对消费者提供服务，我公司将对经销商提供服务支持。免费保修不包括由以下行为造成的损坏和故障：

1. 正常使用造成的磨损
2. 粗暴操作或者违反本手册内容的不正确操作
3. 电池漏液或者不正确使用电池

FOLOMOV

2300
LUMENS

HERO

Product features

1. 107mm length and 55g weight only. Compact and lightweight.
2. Can multi-task as a tactical light, EDC light, or outdoors light.
3. Adopt CREE XHP50.2 LED with a span life of 50000 hours. Max output up to 2300 lumens.
4. The included 3500mAh Li-ion battery has a built-in USB Type-C port for 1.5A fast charging.
5. Multi-function tactical tail switch features both temporary Turbo and constant brightness levels.
6. Five brightness levels for option. Meet different lighting demand in various occasions.
7. With strobe, SOS and beacon modes. Helpful in emergent situation.
8. With reverse polarity protection.
9. With overheating protection. Protect internal circuit and expand the span life of electronic components.
10. IPX8 waterproof rating.

TURBO	HIGH	MEDIUM	LOW	ULTRA-LOW
2300 LUMENS	700 LUMENS	300 LUMENS	125 LUMENS	17 LUMENS
2H	5H	11H	27H	150H

Strobe	SOS	THROW	CANDELA	RATING	IMPACT
2300 LUMENS	2300 LUMENS	200M	10000cd	IPX8	2M

WEIGHT: 55g(without battery)

DIMENSION: 107 X 24.5 mm

Note: Above parameters are result of testing the HERO flashlight in the lab with 1pc 3.6V 3500mAh Li-ion battery according to ANSI/NEMA FL1 standard. The result may vary when using different batteries and testing in different environment.

Operation:

ON:

Option 1: Press and hold the tail switch to access to turbo mode. The light will be off when you release your finger.
Option 2: Quickly press the tail switch once to access to the last mode you choose before turning off the light.

When in this mode, quickly press the tail switch to cycle through ultra-low→low→med→high→turbo→ultra-low and choose the one your need.

Strobe, SOS and Beacon

1. Activation: Press tail switch twice to access to strobe no matter the light is on or off.
2. When in strobe mode, press tail switch twice to cycle through Strobe→SOS→Beacon→Strobe.

OFF:

Press and hold the tail switch for 0.5s.

Lockout function: Lock the tail switch to avoid accidental activation

Lock:

When the light is off, quickly press tail switch for 3 times to lock it. The LED will flash for 3 times and it will not be able to turn on.

Unlock:

While tail switch is locked, quickly press it for 3 times. The LED will flash once, then can be turned on as normal.

Low voltage warning

Remaining capacity is always detected when the flashlight is on. When remaining capacity is less than 10%, only low and ultra-low levels are optional. It reminds you of replacing or charging the battery soon.

CAUTION

1. Insert the battery with the anode side(+) towards flashlight head.
2. Pls remove the battery if this flashlight has not been used for long time.
3. Do not shine the light to eyes.

Users can contact distributors/dealers from whom they buy Folomov products for warrant support with related trade invoice or receipt.

Warranty Details

1. 15 days free replacement: distributors/dealers will replace users a new flashlight within 15 days of purchase for any manufacturing defects if the problem develops in normal use.
2. 1 year free repair: we will offer free repair within 1 year from the date of purchase if the problem develops in normal use.
3. Limited lifetime warranty: For flashlight beyond the free repair warranty period, we provide lifetime repair but will charge for replace parts. Distributors/dealers will notify users the cost of parts before repair.
4. Free warranty does not cover any damage or failure caused by:
 - a. Normal wear
 - b. Rough operation
 - c. Battery leakage
